questions

what is juul_trusted_ddad

How to get teamscale credentials

todo:

bazel

docker

zuul

yaml

ansible-playbook

klockworks

pandas

<https://docs.teamscale.com/howto/installing-with-docker/#starting-the-docker-container>

<https://asc.bmwgroup.net/wiki/pages/viewpage.action?pageId=398625213>

TODO:

1. how to import module in another directory

star

ddad_ci_config/playbooks/analyze
